Testimonials

Managing safety is never an easy task, and unless you have a 100% committed management it is almost impossible to get good results. Congratulations to you all. Keep putting safety first. It is a pleasure and an honor to announce the achievement of 504,000.00 HRS. Safe Man-hours for Bin Suhail International. It is a milestone of enormous value, because means to obtain an excellent safety result in a complicated environment, full of difficulties to manage on a daily basis, as the extreme conditions of temperature and humidity, the extraordinary multicultural mix of workers with the consequent communication and coordination problems, etc.
